DATE

UNITED STATES INTELLIGENCE BOARD

INTELLIGENCE INFORMATION HANDLING COMMITTEE

Research and Development Subcommittee

MEMORANDUM FOR: Chairman, IHC

SUBJECT: Proposal for a USIB Sponsored Research Institute  
for Intelligence Information Handling

1. A proposal to establish a USIB sponsored Institute for research and development in information handling for the intelligence community is attached for your consideration.
2. The Subcommittee urges that this proposal be reviewed by the IHC at an early date, with a view toward having the USIB concur with the drafting of an Institute charter by 1 July 1970. The charter should be completed, including concurrence by the USIB, by 1 October 1970.
3. If this proposal is approved, it is recommended that the Office of the DCI assume responsibility for the acquisition and approval of all Institute billets, and the IHC provide the budget for the Institute until an Executive Agency is assigned.
4. It should be noted that the proposed implementation plan would go forward in phases, and decisions regarding the charter, direction, and program are made as steps in the implementation plan.
